

Justifiqueu les respostes usant llenguatge matemàtic i/o no matemàtic, segons el que correspongui. Es permet utilitzar calculadora científica bàsica. No es permeten utilitzar calculadores gràfiques ni programables, ni dispositius que puguin transmetre o emmagatzemar informació.

Part A. Contestau el problema A1. Contestau també un problema a triar entre el problema A2 i el problema A3 (total: 4 punts)

Problema A1 (obligatori)

Enunciat (2 punts)

(saber bàsic D, èmfasi en la pregunta competencial, centrat en la branca de Probabilitat i Estadística).

Problema A2

Enunciat (2 punts)

(saber bàsic D, èmfasi en la pregunta competencial, centrat en la branca de Probabilitat i Estadística).

Problema A3

Enunciat (2 punts)

(saber bàsic D, èmfasi en la pregunta competencial, centrat en la branca de Probabilitat i Estadística).

Part B. Trieu només un problema d'aquesta part (total: 3 punts)

Problema B1

Enunciat (3 punts)

(sabers bàsics A i C, centrat en la branca d'Àlgebra).

Problema B2

Enunciat (3 punts)

(sabers bàsics A i C, centrat en la branca d'Àlgebra).

Part C. Tria només un problema d'aquesta part (total: 3 punts)

Problema C1

Enunciat (3 punts)

(saber B, centrat en la branca d'Anàlisi)

Problema C2

Enunciat (3 punts)

(saber B, centrat en la branca d'Anàlisi)
